EXPERIENCE

Intern at Tangentia India Pvt. Ltd, Porvorim

July 2024 - September 2024

Role - Technical Support Engineer Intern

- Diagnosed and resolved hardware, software, and network issues.
- Provided customer support via phone, email, and remote tools.
- Assisted with software installations and system configurations.
- Documented issues and solutions for future reference.
- Worked on LCBO project.

PROJECTS

- **Student Management System (PHP, HTML, CSS, JavaScript)**
Developed a web-based system to manage student records, including registration, attendance, and performance tracking. Implemented CRUD operations, login authentication, and database integration using PHP and MySQL.
- **Spotify Clone (HTML, CSS, JavaScript)**
Designed a responsive music streaming web interface resembling Spotify. Integrated basic audio controls, playlist creation, and interactive UI using HTML, CSS, and JavaScript.
- **Temperature Converter (HTML, CSS, JavaScript)**
Built a simple application to convert temperature values between Celsius, Fahrenheit, and Kelvin. Included user-friendly interface and real-time conversion results using JavaScript.
- **Portfolio Website (HTML, CSS, JavaScript, Bootstrap)**
Created a personal portfolio website to showcase projects and skills. Implemented a modern, responsive design using Bootstrap and JavaScript for smooth navigation and interactive elements.
